
PreAlgebra

Jan. 23 - 27, 2012

Week's Goal: Working with Polynomials

Bonus Quest What is the smallest number of cars that can be driven in this formation: two cars in front of a car, two cars in back of a car, and a car between two cars?

Web

Site: <http://www.kutasoftware.com/FreeWorksheets/Alg1Worksheets/Multiplying%20Polynomials.pdf>

Print out this worksheet and complete the problems about polynomials

Monday (1/23)

Today... Today... **Special Polynomial Products**

- 1) Review Last Week's Discussion
- 2) Disc. Section 5-8 / Complete Selected Problems p.139

Assign... Complete Problems on WS 5-8

Tuesday (1/24)

Today... **Dividing Polynomials by a Monomial**

- 1) Go over Homework – WS 5-8
- 2) Disc. Section 5-9 / Complete Selected Problems p.143

Assign... Complete Problems on WS 5-9

Wednesday (1/25)

Today... **More Practice with Polynomial Division**

- 1) Go over HW - WS 5-9

Assign... Complete Extra Worksheet on Polynomial Division

Thursday (1/26)

Today... **Checking on Understanding**

- 1) Go over HW - Extra WS on Polynomial Division
- 2) Complete Quiz over Sections 5-8 thru 5-9

Assign... None

Friday (1/27)

Today... **Working with Comic Life**

- 1) Quiz Results and MakeUps
- 2) Work on Comic Life Project – “Francois Viete”

Assign... None – Have A Great Weekend
